Dixie Chicks

With a double-platinum album and two No. 1 hits under their belts, the Dixie Chicks are sitting on top of the world. During a stop on their tour in Evansville, Ind., *Music City News* got the chance to check out their show and talk with country's hottest act.

To Release **CHICK MANIA**, Turn Here! 

A photograph of three blonde women performing on stage. They are wearing black outfits with pink accents. The woman on the left is wearing a pink short-sleeved shirt and a black skirt. The woman in the middle is wearing a black lace crop top and a black skirt. The woman on the right is wearing a black long-sleeved top and a black skirt. They are all smiling and have their arms raised. The background is a bright, hazy stage setting.

The stage is dark, lit only by strategically placed purple lights that illuminate three microphones draped with pink feather boas. As the music swells, a thunderous roar rises from the crowd.
